About Perpetual Care

Our mission is to protect pets from going into shelters and possibly being euthanized just because they have had the misfortune to lose their guardian.

We help pet owners with establishing a pet agreement or a pet trust to protect their pets and we help pets by pulling them from shelters and getting them into new homes or providing them a home at our life care center.

Perpetual Care is a life care center for pets in a homey environment with people to care for them and give them the attention and comfort they need. If you are considering leaving your pet to Perpetual Care, we encourage you to visit us.

How you can help other Pets

Every day pets are taken to shelters because their owner is no longer able to care for them. They are frightened and traumatized by staying in a shelter.

Once your pets go into a shelter, their chances of being euthanized can be extremely high. Perpetual care offers you options to ensure that your pet has a healthy happy life if something happens and you can no longer care for them.

When space and funds allow, Perpetual Care takes animals who have lost their guardians from shelters and finds them a new loving home or cares for them at our life care center.

Please contact us today to see what you can do to protect your pets and donate today to help other pets who are not so lucky to have a pet trust in place to provide for their care.
